

AWARDS

National Geographic named the Gaspé Peninsula one of the top 10 places to see autumn leaves in the world.

Lonely Planet ranked Gaspé one of the top 5 offbeat coastal road trips in the world.

The Bay of Gaspé was voted among the most beautiful in the world by *Atterrir.com*.

Gaspésie

Embraced by the rich waters of the Gulf of Saint Lawrence, the Gaspé port of call will captivate you with its jagged cliffs, endless coastline and breathtaking mountains. Featured on *National Geographic's* list of "must-see" places in the world, the region is home to picturesque coastal villages, charming maritime architecture, awe-inspiring national parks, world-famous hospitality and diverse wildlife, including moose, caribou, whales, seals and more. Explore nature at its best at Forillon National Park, be amazed at the thousands of northern gannets that flock to Bonaventure Island, and take in the wonder that is Percé Rock, one of the largest natural arches in the world. Experience the trip of a lifetime on the one and only Gaspé Peninsula.

INVESTMENTS

In 2017–2018, Percé will invest in the renaturalization of its beach and the construction of a new seaside promenade. (\$15+ million project)

Free port of call mobile application available on the App Store: **The Gaspé Port of Call**. Available in English, German and French.

HIGHLIGHTS

- Cruise Pavilion located just 1.6 km from downtown Gaspé.
- Bonaventure Island, home to the world's largest accessible colony of northern gannets.
- Percé Rock, a Canadian tourism icon.
- Forillon National Park features stunning landscape, lush arboreal forests and 350 million year-old glacier-burnished mountains.
- Taste our regional delicacies including lobster, snow crab, northern shrimp and fresh fish, proudly accompanied by our locally microbrewed award-winning beer, the Pit Caribou.
- The tallest lighthouse in Canada.
- A fly-fishing paradise, with three world-renowned salmon rivers.
- Awaiting UNESCO certification, Percé's Geopark offers geology enthusiasts, adventure lovers and thrill seekers a unique opportunity to explore 500 million years of history right in the heart of the Percé village. Discover Tektonik, an interactive multimedia exhibition, and explore 23 geosites, an 18 km network of trails, lookouts with breathtaking views, an exhilarating zip line experience, plus a dizzying glass platform suspended 200 m above sea level.
